

MASSAGE THERAPY

Credentials

Massage Therapy certificate	36.5 cr.
Massage Therapy AAS degree	62.5 cr.

Major Description

As more people seek preventative healthcare solutions, including massage in rehabilitation and treatment, the field of massage therapy continues to grow. At Schoolcraft, we offer both a massage therapy certificate and an associate of applied science degree to provide students with the knowledge and skills to work in group and private practices, spas and an increasing variety of healthcare settings. The curriculum includes:

- State-approved courses in bodywork and therapy skills that are designed to meet the expanding requirements of allied and complementary healthcare systems and prepare students to take the national certification exam.
- Real life experiences by participating in community service activities such as providing massages at marathons and fund-raising walks

Massage Therapy Certificate

Schoolcraft program code # 1YC.00255

Massage therapy is the systematic manipulation of the soft tissues of the body for the purpose of increased circulation of blood and lymph, pain reduction, relaxation and restoration of health and well-being of the client. The massage therapy program is designed to prepare an individual in the field of soft tissue manipulation and is taught from a clinical perspective. It offers the opportunity to earn a certificate in massage therapy. The certificate is granted after the successful completion of 36.5 credit hours of designated course work.

Massage therapists may be employed in private practice, spa, or a variety of healthcare settings including hospitals and managed care centers, rehabilitation and sports medicine clinics and group and private practices. This program has been approved by the State of Michigan Department of Licensing and Regulatory Affairs and allows students to apply for licensure to practice massage therapy. Successful completion of the certificate readies the individual to sit for exams approved by the State of Michigan massage licensure.

The massage therapy program is dedicated to advancing the science and art of massage therapy.

Students who successfully complete all program courses qualify for a certificate of program completion.

This program requires a special admissions process. Contact the Admissions and Welcome Center at 734-462-4426 or admissions@schoolcraft.edu to complete an application.

Massage therapy is the systematic manipulation of the soft tissues of the body for the purpose of increased circulation of blood and lymph, pain reduction, relaxation and restoration of health and well-being of the client. The massage therapy program is designed to prepare an individual in the field of soft tissue manipulation and is taught from a clinical perspective. Massage therapists may be employed in a private practice, a spa, or a variety of healthcare settings including hospitals and managed care centers, rehabilitation and sports medicine clinics and group and private practices.

The massage therapy associate degree is offered to meet the expanding needs of both the allied and integrative healthcare systems. Those students who are interested in additional education and wish to enter either field with a broad background and the ability to work with a diverse group of clients and practitioners will do well to add the general education courses. This associate degree program integrates traditional and non-traditional knowledge bases regarding massage therapy and bodywork. Course work includes anatomy and physiology,
