Test Taking Improvement

Take this opportunity to strengthen your test taking confidence...

Alleviate your fear of test taking by learning techniques to successfully take both essay and objective tests. Become more comfortable in test situations by knowing how to organize knowledge, improve memory and concentration, analyze questions, and review and comprehend facts. Discover ways you can be a better listener and improve your ability to follow directions.

Please note: This class does not address content for any specific standardized test, however it provides general test taking tips that can be useful when preparing for any standardized test.
