Art & Science Safari

Set your compass for all day fun. All morning, have a blast designing, weaving, sculpting, painting, and assembling whatever your imagination can dream up. In the afternoon grab your jungle hat and find out what a habitat is; and learn about birds, bats, and insects, and the places they call home. Each day will be packed with new and exciting science and art activities.

This camp is for those children entering grades 1 or 2.
