AVIATION & AEROSPACE—FULL THROTTLE AHEAD!

Up, up and away!

The entire story of aviation and aerospace will be the subject of this awesome summer adventure. From the Wright Brothers’ principles of flight, through today’s high-tech aerospace industry, you’ll experience the world of flight through field trips, rocket building and launching, and flight simulator software. Explore the exciting new careers in aeronautics in this power-packed camp.

This camp is for those children entering grades 7, 8 or 9.

Aeronautics is the science involved with the study, design, and manufacturing of flight-capable machines, or the techniques of operating aircraft.

CES 8471 / Sec. 939827
$225
1 week (M-F) July 11th from 9am-3pm
Location: F125
Instructor: Staff

CES 8471 / Sec. 939828
$225
1 week (M-F) July 18th from 9am-3pm
Location: F125
Instructor: Staff

Please bring a bag lunch to camp each day
