Welcome to Kids on Campus Summer 2025!

Each summer, we are excited to welcome children of all ages to Kids on Campus (KOC). The energy and enthusiasm they bring are contagious and fill the entire campus with excitement.

Our goal is to provide a fun, educational, and safe experience for all participants at Schoolcraft. To help us achieve this, we ask that you review our parent handbook, which contains all the essential camp information in one easy-to-access location.

The KOC Parent Handbook is your go-to resource for answers to frequently asked questions, as well as for our program rules and guidelines. You can download a copy at schoolcraft.edu/koc or call **734-462-4600** to have one mailed to you.

We look forward to another exciting Kids on Campus season in 2025. If there is anything we can do to improve your family's experience while here, please let us know.
